# Color Mapping Guide Top Classic Parts - Mercedes Benz

## Important Note

Dear valued client,

Thank you for your interest in our reengineered classic parts. To choose the right color for the desired part, please consider the following:

- Depending on the material (Leather, MB-TEX, Vinyl), interior colors tend to change with time from their original color
- This is usually caused by Sun or other elements
- The original color code might differ from the color fits in your car now

Therefore, please check the color variations with your actual appearance, to ensure the perfect fit and satisfaction with your purchase.

Your Top Classic Parts Team
