Remove the 4  
Screws with the  
Wrench Size 10 in  
order to pull the  
interior and the  
bulb out the  
Exterior.

Now all parts are separated and can be replaced with the purchased new parts.

Make sure to use the old rubber seal for your new part. It is okay if its partially cracked, it still holds the lens in place.

# TOP CLASSIC CARS LLC & TOP CLASSIC PARTS LLC

Put all the parts back together, fix the interior with the interior screws as shown on slide 4. Connect the cable to the bulb and put the rubber seal back on the bottom of the part as shown on the next slide.
