Let us start with the place where we have to install the new triangle, the passenger side door for example. We have already deinstalled the broken part.

TOP CLASSIC CARS LLC & TOP CLASSIC Parts LLC

Here are the new parts you need

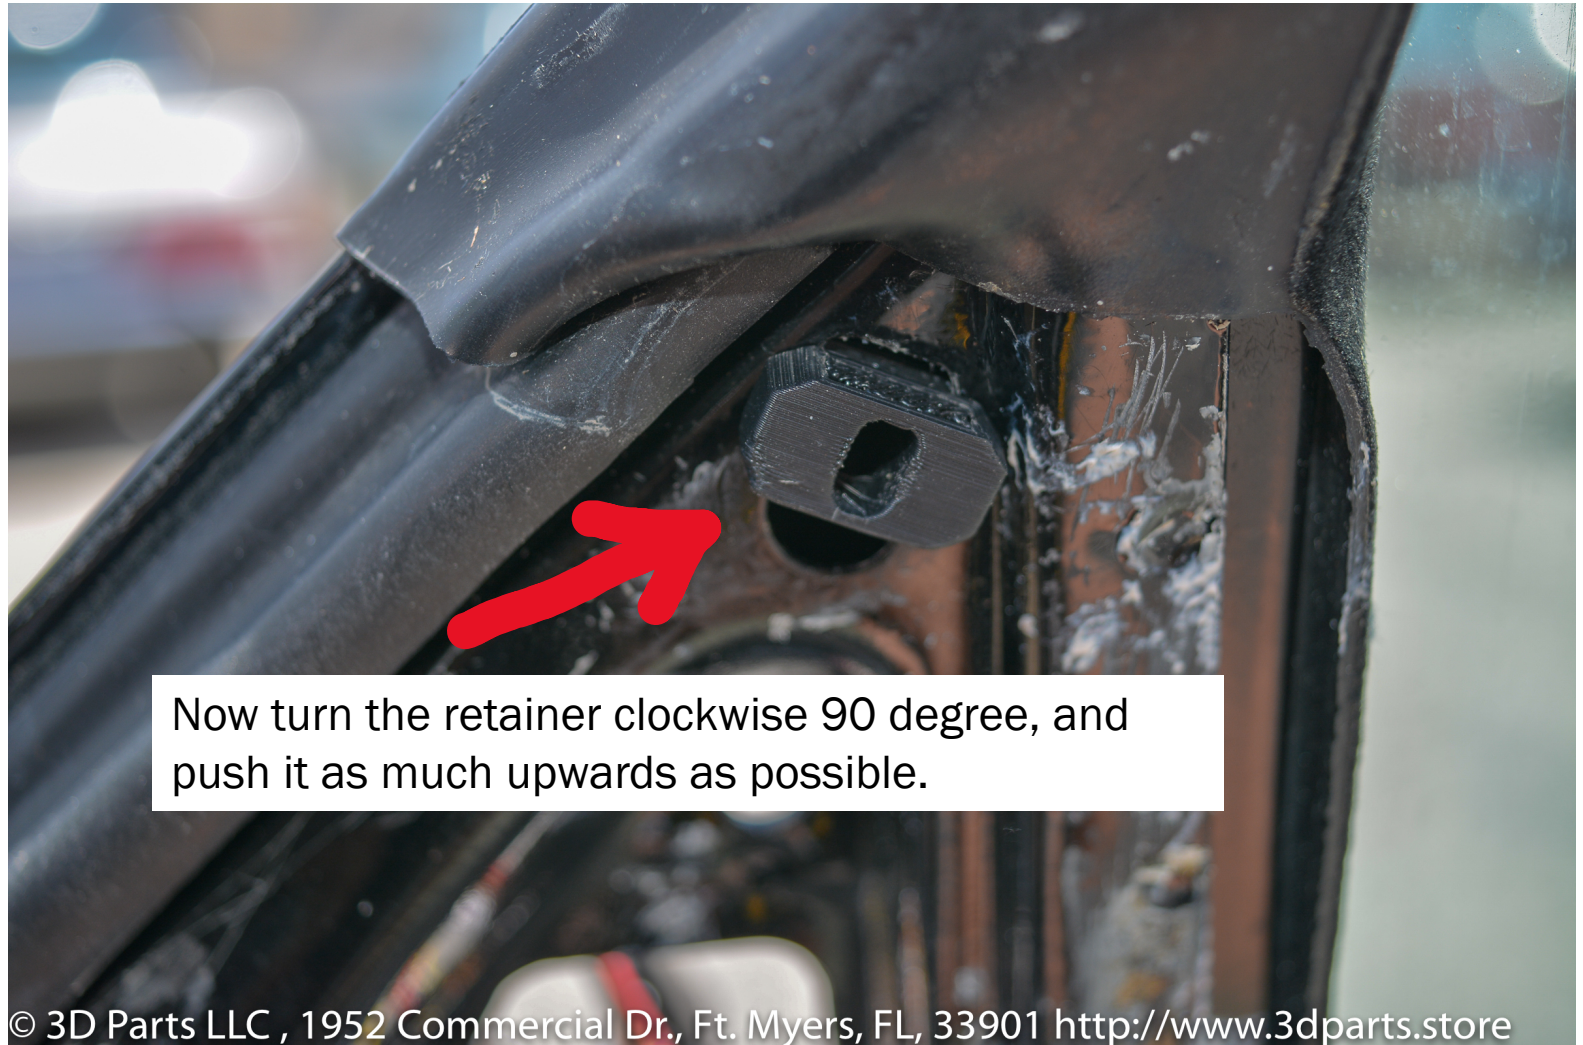

- The new triangle from 3D Parts LLC
- Triangle Retainer

TOP CLASSIC CARS LLC & TOP CLASSIC Parts LLC

Let us start to plug in the retainer upright in the opening. Push it slightly in, until the metal of the door slides in the middle of the retainer. .

TOP CLASSIC CARS LLC & TOP CLASSIC Parts LLC

Now turn the retainer clockwise 90 degree, and push it as much upwards as possible.

TOP CLASSIC CARS LLC & TOP CLASSIC Parts LLC

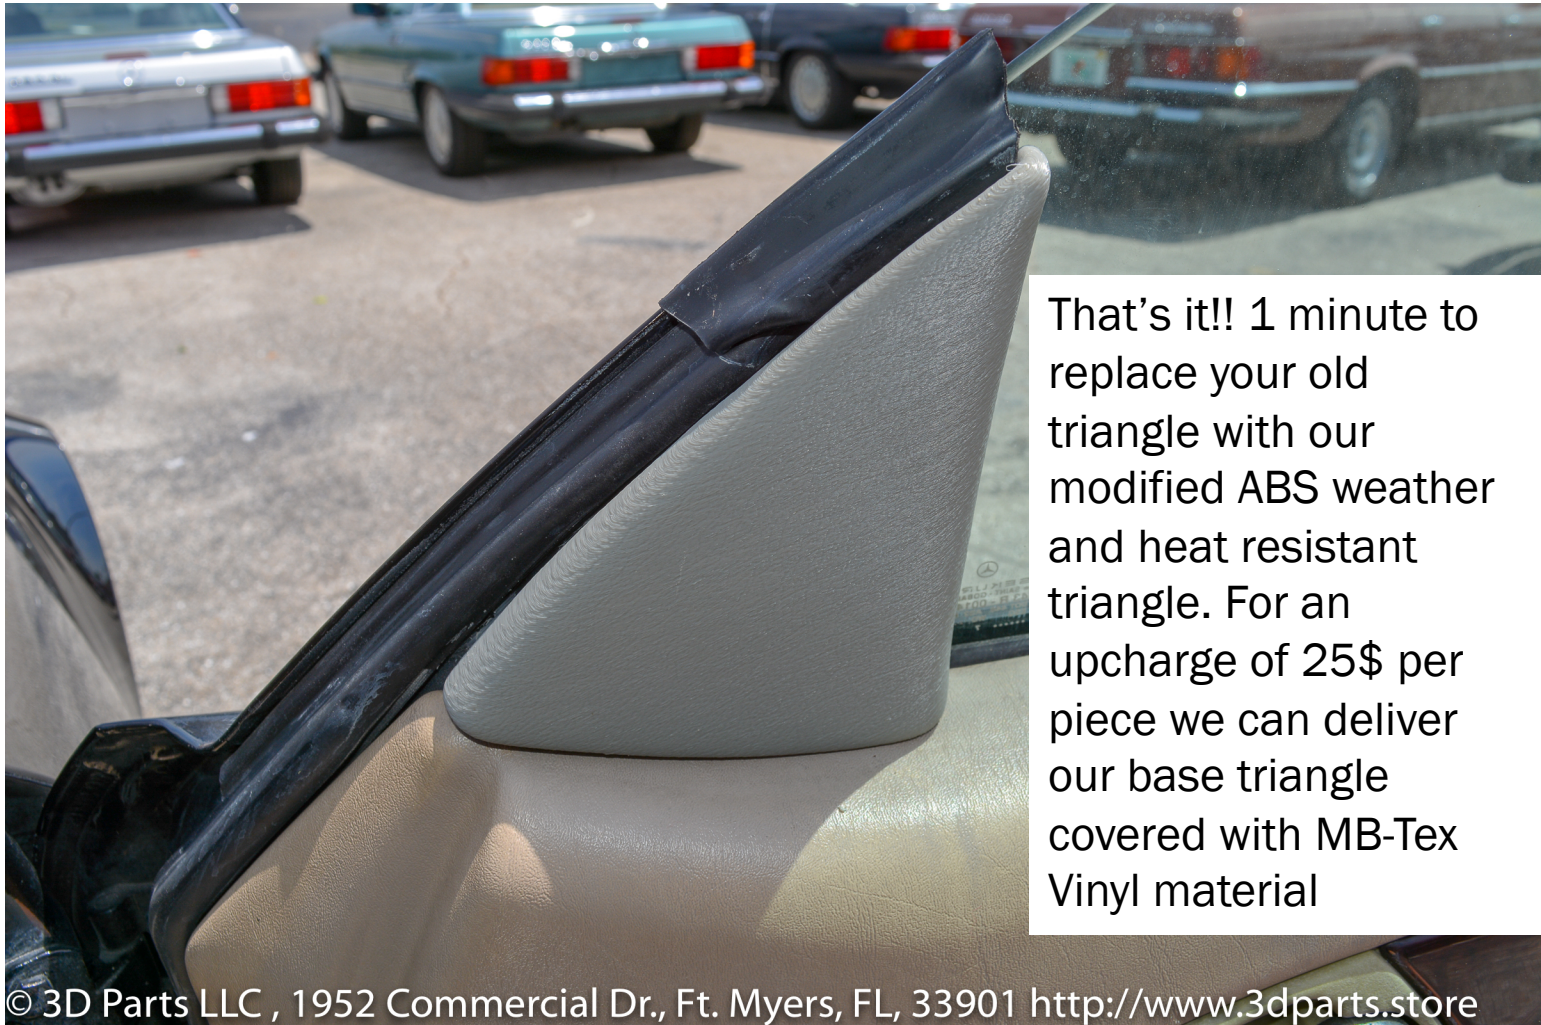

Put the new triangle with the holder in the position behind the doorpanel

TOP CLASSIC CARS LLC & TOP CLASSIC Parts LLC

That's it!! 1 minute to replace your old triangle with our modified ABS weather and heat resistant triangle. For an upcharge of 25\$ per piece we can deliver our base triangle covered with MB-Tex Vinyl material
